

DIANA CABLE-KABLE-GAUDRY-TEALE

OBITUARY - BAPTISED 5-12-1788 - DIED 11/3/1854

From very early times of the colony various First Fleet families have passed down the stories of their family's significant role/s as First Fleeters, often claiming to be the "first" to undertake, contribute to, explore, complete, achieve, - in so many aspects of the development of Modern Day Australia.

The Kable-Holmes Clan also has these claims. One newspaper recorded statement of the claim that "Diana was the first White child born in the colony and to reach maturity" is one such story. Currently evidence would suggest otherwise, as marriage records exist for births of 1788 born before her and married after her. One in 1810 and the other in 1816.

In pursuit of the evidence of proof to give strong support to this claims JANE VAN WOERKOM used the records available through the NSW BDMS, MOLLIE GILLEN-FOUNDERS OF AUSTRALIA, Ancestry Records and family tree information and references to the research of many other KABLE-HOLMES ancestor/descendants and contemporaries -Jan 2018). The following is the claim as stated and an account from the records reviewed which lend weight to and offer to the claims. NB past research has suggested that ROBERT ROPE lays claim to this status having been born 30/10/1788. However further evidence refuting this claim is provided below.

The claim/s and support thereof:

- Henry was the first person to set foot on land at Sydney Cove – see at "written words/suggestions of Church Minister 1830; Newspaper statements and family yarn per WAL BROADBENT and his "matchbox story"- "Wal (GEORGE ESTO] claims that the 150th year celebration match box cover in his possession has a sketch of the 'SYDNEY COVE' landing party which depicts a member of the "exploring party" not a marine or seaman – is the sketch historically correct from an oral report of this event?" **STRONG EVIDENCE**-no official records including - FAMILY ORAL HISTORY; REV KEANE of PITT TOWN- RE letter of petition on behalf of HENRY snr; Newspaper report; Diana Obituary; **Conclusion -TRUE** with limited reservations. (actual documents for all and photos available. See elsewhere on the website - henrykable-susannahholmes.com
- Henry and Susannah were participants in the first marriage Ceremony marking the register as number 3 of the ceremonies-**TRUE**-actual record
- Henry and Susannah were successful litigants in the first Civil Law case "which established thee **RULE OF LAW**" and which is enshrined in the Australian Constitution-**TRUE**-actual record
- That Henry and Susannah were the only couple from the first marriage ceremony 10 Feb 1788 to produce children in the Colony-NOT **TRUE**-Mary Braund/Bryant and William Bryant had children, but both these children died before puberty-**TRUE** in that no second-generation descendants were produced
- At her death Diana was the oldest living white born person in the colony -**TRUE**
- Further that Henry and Susannah through their daughter Diana, her marriage to William Lyttleton Gaudry and subsequently their son William Woodward Gaudry forms the longest continuous line of white born descendants from settlement of January 1788. Thus, the oldest family line of white born Australians- JAN 2018 (according to currently reviewed/known records-Jan 2018)

The table below and records this information which relates to the claim/s that:

- Diana Kable/Gaudry/Teale belong to the 'LONGEST LIVING LINE OF WHITE BORN AUSTRALIANS'-both from the first marriage/family formed through Henry and Susannah's marriage 10/2/1788 and through her own marriages which occurred on 9/9/1809 (William Gaudry) and 7/4/1818 Windsor-John Teale- and at which time she was deemed to be the only white born child from 1788 in the Colony of NSW to reach maturity

FAMILY CLAIM-that Henry was the first person to set foot on the shore at Sydney Cove

Windsor Gazette -March 1854-TROVE NLA record

Friday last, Mrs. Diana Teale, widow of the late Mr. John Teale, miller, of Windsor, died at her residence in Macquarie-street. We believe Mrs. Teale was the second white person born, and the first to live to maturity, after birth, in the colony since its foundation by Governor Phillip sixty-six years ago, she having been born a few months thereafter. We are also informed that Mrs. Teale's father, the late Mr. Joseph* (Henry) Kable, **was the first man in the party of the above-named Governor to set his foot on shore at Sydney**, in the name of the British Government.

FAMILY CLAIM -RESPONSE- Nick Yardley journalist SUN HERALD/TELEGRAPH-Newspaper article addresses this claim and quotes a 4th generation descendant of Owen Cavanough- who in turn refers to an excerpt from genealogist Herbert J. Rumsey(1937 record) stating that "Seaman Owen Cavanough of the Sirius , was the first person to set foot ashore at Sydney Cove"... HOWEVER this claim is in dispute as the 1854 Windsor Newspaper article/Obituary for Diana reports this matter -presumably FAMILY KNOWLEDGE/first hand- Diana being Henry's daughter and other children John Kable (a son living at the same town Windsor-still alive to support this account). This newspaper report was written some, 83 years earlier than the Cavanough claim, from the Herbert J. RUMSEY, 1938 statement. (NB Herbert Rumsey was born in 1866 and his Genealogy book was not published until 1937/38-**The pioneers of Sydney Cove / by Herbert J. Rumsey ; with decorations by James Emery [and Elva Jones]** NB Owen Cavanough died 1841 - 205 years before Herbert J Rumsey 's birth and 97 years before any printed record of the claims in support of this claim/statement- while such a claim was made on Henry's part in 1838-who was alive to attest to it in 1838!

Further in email correspondence (from an unknown sender) to ZILLAH KABLE (direct descendant of JOHN KABLE b 1802 and brother of Diana b1788) dated 2/3/2007 ... the correspondence refers to a letter found from the REV KEANE written 18/6/1838 in which Rev Keane petitions "for the early release of John Kable from gaol.... [stating]... if the Governor will permit me as Minister of the Parish (Pitt Town) to intercede on behalf of his [JOHN KABLE] father [Henry KABLE] who is now 74 and living near me [Pitt Town] ... and who was one of the First Fleet with Governor Phillip and one of the exploring party from Botany Bay to Port Jackson" ... sender comments ... "I think this is good evidence [from a time when HENRY WAS STILL ALIVE] that Mr Keane had it [on good evidence] from Henry KABLE himself, that he had been one of the exploring party and thus "as family oral yarn states-

HENRY WAS THE FIRST PERSON TO SET FOOT ON LAND AT SYDNEY COVE"

FAMILY CLAIM- conclusion VERY STRONG EVIDENCE FOR THIS CLAIM-TRUE with limited, reservation.

FAMILY CLAIM-At the time of her death she was the oldest living white person in the colony.

Mollie Gillen in her book *THE FOUNDERS OF AUSTRALIA* (1989), makes the claim that this was surpassed by the birth & death of Sarah Eggleton (Eagleton) born on 25/12/1788 and who died in 1886.

However, NSW BDM records for Sarah Eggleton who died 1886 (Temora) indicate her age at death as 60 years. This being the case then this Sarah Eggleton was born as late as 1826 and thus, not Sarah of birth 1788. More importantly a records exists which to me indicates that Sarah E. born Dec 1788 died in 1799 under the name MARY EGGLETON-BDM record:

EGGLETON MARY 1465/1799 V17991465 2A. AND THAT THERE WERE many or other children recorded as belonging to EGGLETON parents at that time questions this claim of GILLEN- see records below:

ALL NSW BDM for EGGLETON BIRTHS 1788-1830 & ANCESTRY RECORDS 1788-1830 which total @ 14 Eggleton children births between 1788-1840 AND 4 Eggleton (male & 1 female marriages) 1788-1840. None "fits the bill" of the Mollie Gillen published records (if all BDM correctly recorded and no Church records are outstanding)

CONCLUSION-CLAIM POSITIVELY SUPPORTED-I believe this claim is well supported in the records consulted/reviewed

DIANA KABLE-GAUDRY-TEALE

progenitor of the longest line of white born descendants from the first marriage of the colony in 1788 and subsequently the first white child to reach maturity

Family yarns and newspaper reports suggest/state that at the time of her death, Diana Kable/Gaudry/Teale "was the oldest white person born in the colony." According to Mollie Gillen's record (THE FOUNDERS OF AUSTRALIA). This

record was surpassed in 1886 when Sarah Eggleton died. The death record for Sarah Eggleton, of Temora 1886, gives her age as 60 years... thus this Sarah Baptised 25/12/1788 is not the same SARAH EGGLETON of the death 1886. Sarah b1788 is believed to be the MARY EGGLTON who died 1799 BDM- 957/1799 V1799957 4 Obituaries Australia carries this general report in its publication extracted from The SMH as follows

Teale, Diana (1788–1854)

On Friday last, Mrs. Diana Teale, widow of the late Mr. John Teale, miller, of Windsor, died at her residence in Macquarie-street. We believe Mrs. Teale was the second white person born, and the first to live to maturity, after birth, in the colony since its foundation by Governor Phillip sixty-six years ago, she having been born a few months thereafter. Through reviewing available records from the NSW BDM's; Ancestry digital records 1787-1788; deaths /marriage BDM beyond 1788; reference to Mollie Gillen's *THE FOUNDERS OF AUSTRALIA* - and these results (below) being cross referenced with records from Australian History Researcher (<http://www.australianhistoryresearch.info/>)

there is good evidence to support the family claim (as recorded in the above obituary)

- That Diana was the oldest (known) white person born in the colony of NSW, at the time of her death in 1854.
- That she was the first white child to reach maturity.
- That she was the second white born child of the colony, to marry and produce children. (the first 1788 born white child married @ 1805/6 and she died 1807 – the child died too)
- That the marriage 5 marriages of 10 Feb 1788 - Henry and Susannah's was the only marriage to produce children -in NSW. Other FF descendants (Mary Bryan) left the colony.
- That descendants of Henry and Susannah belong to the oldest line of white born Australians - specifically through her children. William Woodward Gaudry, Charles, George L. and Emiline Ann Susannah Gaudry-Wild, John Henry Teale, Joseph Thomas Teale and Henry William Teale.

RECORDS FOR THESE CHILDREN INDICATE THIS AS FOLLOWS:

REFERENCE – MOLLIE GILLEN THE FOUNDERS OF AUSTRALIA

Number of Children born/baptised in 1787 = 13 enroute & @ 4 at anchor

- **Number of Children born/baptised in 1787/88- 26 children**
- **Number of children who died before maturity or left the colony – 24 children**
- **Unaccounted for – 7 children/adults**
- **Known survivors in the colony**

CLAIM: Diana Kable/Gaudry/Teale Baptised 5 Dec 1788 - d 11 Mar 1854 Windsor-the oldest white person (born in the colony) at her death in 1854. Thus from the available records, Diana's line of descendants comprising Gaudry, Teale and those of female descendant marriages, are the oldest continuous family lines in modern Australia – known evidence provided as follows:

FAMILY CLAIM- conclusion that following a review of the currently known records - TRUE

THE CASE OF ROBERT ROPE AND THE CLAIM TO LONGEST LINE OF DESCENDANTS

Review of records to examine and refute/confirm this claim:

A lengthy research/review process to gather records relating to birth/death and marriages of the COLONY OF NSW for the first year being 1788. Then marriages and deaths from other years were reviewed to establish that the claim/s were (in) correct – thus no right to the claim made.

In compiling the result information from Mollie Gillen's, book FOUNDERS OF AUSTRALIA -A Biographical Dictionary was very helpful along with other records and sources of NSW BDM, Ancestry trees and oral family history.

Research/review/searches commenced in 2014 and continued in a slow manner to a conclusion point Jan. 2018.

The results of this research is detailed in the below spreadsheet format with the record relating to ROBERT ROPE B 30/10/1788 (creating some difficulties) being explored in greater detail - with several theories proposed in relation to the claims that

- Robert went to Tasmania by 1816. He is said to have drowned during a whaling trip in 1835-had no descendant-see at Ancestry record - [ilea1_1](#) originally shared this on 07 Dec 2009
- LINKED TO**
- Robert Rope was born 30/10/1788 and Baptised as Robert Rosse. In 1792 a record for a death of a Robert Rose exists. From 1788 – 1792 no other records for a Robert Rose/Rope exist. Thus, Robert Rosse/Rose was born 1788 and died 1792
- That "Robert Rope" was in fact **John "Robert" Rope b1795** who married Esther Mary Gambol in 1812 and had two? Children with her before going "sealing" ... and went on to Tasmania, where he drowned in 1835.

Further to ROBERT ROPE

The below information (especially the SAG Newspaper record – tends to strongly discount the claim that ROBERT ROPE/ROSSE b1788 was the person who married ESTHER MARY GAMBOL in 1812. My hunch is that JOHN(ROBERT)ROPE who was born in 1795 and married 1812 @ age 18/19 years to GAMBOL is the ROBERT ROPE referred to.

RE ROBERT ROPE - Robert b 1788 (and drowned 1835 - no-descendants) or is it John "Robert" b1795?

See at ROPE-PULLEY ASSOCIATION RECORDS-Rosemary Rope http://www.ropepulley.org/index_files/Robert.htm
Robert Rope had a very interesting young life and then disappeared from the records after going on a whaling trip. His final resting place is a mystery.(SEE ANCESTRY FAMILY TREE RECORD FROM RECENT UPDATE @ death 1835 Tasmania - below)

Robert was born in Sydney Cove in October 1788 (SEE SAG NEWSPAPER RECORD-I believe he died in 1792 – see below). He was accused of murder after shooting a man in Windsor in 1808. He was acquitted of this crime. He married Esther Mary Gamble on 9 March 1812 at St Matthews, Windsor. They (I believe brother John ROBERT Rope (b1795) & Mary Gambol) had 2 children as per the muster in 1814. The next record found for him shows him in a Tasmanian muster in 1816.

Esther Mary GAMBOL was born c1797 (see record below b 1792), in England. Sentenced to death and then reprieved for stealing lace, she arrived on the "Friends" ship on 10 Oct 1811.

After Robert disappeared she mothered 2 girls to John Bevan in 1822 and 1824, she was then known as Mary ROPE. After her death, her daughters were put into the Orphan Institute at Parramatta.

She died as Mary Rope in April 1825, at Parramatta.

FIRST WHITE CHILD

That Mr. Rope had a son,
Robert Rope, who was born on
November 3, 1786, in Wynwood
Square Baracks, and was the
first white male child born in
Australia.

The father received a grant

"for this great event" (states an

"near Penrith".

This son, Robert Rope, was
drowned when he was 18 years

FIRST WHITE CHILD.

TO THE EDITOR OF THE HERALD.

Sir,—In Saturday's "Herald" a claim was voiced that the father of the late William Rope of Orange, was the first white child born in Australia. That claim cannot, however, be substantiated in these days when the earliest records both here and in London are being copied.

These old records show that there were 13 births recorded on the voyage of the first fleet to Australia and a couple more in the harbour before the women were landed.

The first white child born at Sydney Cove as it was called then, was No. 16 in the register, Elizabeth, daughter of Samuel and Jane Bacon, baptised February 10, 1788. The ancestor of the late William Rope, of Orange, was Robert, son of Anthony and Elizabeth Rope baptised on November 2, 1788, No. 33. There were five baby girls and 14 baby boys born at Sydney after the landing and before Robert Rope was born.

The full list of these may be seen on the walls of the library and reading-room of the Society of Australian Genealogists at 91A Phillip Street, Sydney. These lists and other records are most interesting and are all genuine records.

I am, etc.,
MARY E. J. YEO

MY COMMENT - Robert Rosse (son of Anthony & Elizabeth-I believe died in 1792 as Robert Rose) and that their other child JOHN born 1795 -JOHN (possible "ROBERT") ROPE is the Robert Rope identified as marrying in 1812 to Mary Gambol and that one of any of the 1795, 1798 or 1802 ROPE BOYS are the one who is recorded in the family tree as as dying in Tasmania in 1835. Given the age AND DATES OF BIRTH CONCERNED- I am inclined to think (ESPECIALLY IN LIGHT OF THE ABOVE SAG Newspaper entry) that JOHN ROPE B1795 married in 1812 and "jumped ship in TASMANIA dying 1835 - ...

DEATH FOR ROBERT ROSE/ROSSE/ROPE?

THE NSW BDM LISTS A ROBERT ROSE AS DYING IN 1792... AS NOT ROBERT ROSE IS LISTED IN THE SECOND FLEET ARRIVALS 1790 AND NO ROBERT ROSE IS LISTED AS ARRIVING IN THE FIRST FLEET 1788... THE ONLY OPPORTUNITY FOR THE NAME ROBERT ROSE TO OCCUR IS THROUGH A BIRTH IN THE COLONY OF NSW 1788-1792.

MY COMMENT-SO IT WOULD SEEM re SAG article – that William Rope born of Robert is correct ... but which Robert? I say not of the Robert from 1788 ... but more likely Robert from 1817 or 1828 or 1831.

Further it is highly unlikely that Robert born 1788 as ROSSE-parents = Anthony and Elizabeth ... in fact died in 1792 as ROBERT ROSE ... as no other record exists for a Robert Rope or a Robert Rose or a Robert Rosse from this time EITHER AS FIRST OR SECOND FLEETERS ... I maintain the hypothesis that Robert Rope 1788 died 1792 and John ROPE b 1795 is the Robert married 1812 and goes sealing and dies in Tasmania in 1835.

That Robert born 1802 marries in 1845 Mary Simpson; and other including Robert who marries Hannah Jane in 1855 at Mudgee is the father of William b 1855 and who marries in 1879 and is thus the reference in the SAG article as above.

Thus “MY” claim that Diana is the 16th Baptism (white child) registered in the colony - registration of her and Henry jnr as below @ No 40. En route from Portsmouth to Sydney Cove 13 children were born several more at

anchor (3) and then 4 girls and 14 boys born before ROBERT ROPE 30/10/1788. Henry jnr and Susannah were Baptised 5/12/1788 and three more births from 1788 are registered after theirs including ????

Further Diana's burial certificate death 11/3/1854 burial 13/3/1854 gives her age as 65 years. That she was married with licence for Henry approval being a minor in September 1809 it is most likely she was born between September and December 1788 and more likely that was about Dec 5th.
